

(PGII) Pepsinogen II Protein

49

- Product name:** (PGI) Pepsinogen II Protein
Catalog.No.: DMAO004
Immunogen: Recombinant expression
Buffer: 20mM PBS pH: 7.5
Purity: More than 90%
Storage: -20°C at least one year. Avoid repeated freeze/thaw cycle.
- Caution:** The standard concentration of this product is the protein concentration, and further assignments should be made when using it. This product can be used as an immunogen to immunize animals, and it can also be used as a calibrator to develop a calibrator. This product is only used in vitro.
